General Regulations for Exhibitions organised by RX France

GENERAL PROVISIONS

Article 1 – General

1.1 Role of the Organiser – The exhibitor acknowledges the organiser's role as overall coordinator of the fair with respect to its participants (exhibitors, visitors, etc.) and other associates (public authorities, service providers, etc.). The terms and conditions of organisation of the fair, notably the dates the fair will be held (within the limits specified in 1.2 hereinafter), the opening and closing times of the fair, the venue(s) where the fair is held, and the visitors authorised to attend are determined by the organiser and may be unilaterally modified by it.

The exhibitor acknowledges that the organiser must be able to adapt the fair as circumstances dictate, notably within the conditions provided in articles 1.2 and 1.3 hereafter.

1.2 Postponement of the Fair – In terms of the dates that the fair will be held, provided reasonable prior notification has been given, except in situations of urgency, the Organiser may postpone the fair within the limit of 6 months following the period initially scheduled, for annual fairs, or 12 months, for biennial fairs. In this case, the exhibitor's application form will be automatically and entirely transferred to the new dates of the fair. The exhibitor will retain the deposits paid by the exhibitor and the exhibitor shall remain obligated to pay the remaining amounts due for their participation in the fair, in accordance with the modified payment calendar.

In the event of postponement of the fair beyond the above-mentioned limits, the exhibitor shall have the option of either requesting the refund of the deposits paid to the organiser (following deduction of the amount corresponding to the Registration Pack) or requesting the transfer of its participation to the new dates of the fair as per the above-mentioned conditions.

1.3 Cancellation of the Fair
Besides the dispensatory conditions provided by the organiser in the application form, the following terms and conditions shall apply in the event of cancellation of the fair:
If the organiser observes that the fair cannot take place within the conditions foreseen owing to exceptional circumstances, whether or not these constitute a case of force majeure as per article 1218 of the French Civil Code and, in particular, whether or not these are entirely unpredictable (such as fire, flood, storm, destruction or unavailability of the venue(s) or location(s) where the fair is to be held, accident, incidental case, strike action at the local or national level, riots, risk of safety, terrorist threat, administrative ban or closure, health situation, potential consequences of the Covid-19 epidemic, cancellation of the participation of a significant proportion of the exhibitors, restriction of movements of exhibitors or visitors, etc.), the organiser may notify the cancellation of the fair. In this case, the application forms may be cancelled and any amounts paid to the organiser must be still available after the external costs incurred by the organiser as at the date of notification of the cancellation, will be divided among the exhibitors, on a pro-rata basis according to the amounts paid by each of them.

This paragraph applies notwithstanding article 1218 of the French Civil Code, which expressly derogates from as necessary.
Should the organiser be obliged to cancel the fair if he observes an insufficient amount of registrations, and unless this cancellation is the result of circumstances laid down in the paragraph above, the exhibitor will be reimbursed the amounts paid by the organiser.

1.4 As a result of the terms provided above, in the event of modification, postponement, or cancellation of the fair, the Parties agree that there shall be no recourse to application of the legal provisions relative to breach of contract (articles 1219 and 1220 of the French Civil Code).

1.5 In the event of modification, postponement, or cancellation of the fair irrespective of their circumstances or motivations, the exhibitor may not claim any form of compensation from the organiser, except in the event of gross misconduct by the organiser.

1.6 The exhibitor entrusts the organiser with the task of determining whether or not the fair must be interrupted or evacuated in the event of a threat to public safety and agrees not to institute proceedings against the organiser after the fact.

1.7 The exhibitor agrees to comply with and require compliance with the specifications of the technical file that will be delivered to them or available for consultation online or on the exhibitors' extranet. The exhibitor is liable, with respect to the organiser, for the non-compliance of the specifications imposed by the owner or leaseholder of the venue(s) or location(s) made available by the organiser for the fair.

1.8 The organiser shall not be held liable when the stipulations of the present general terms and conditions are applied.

1.9 At all events, the payments made in preparation of the fair shall remain exclusively incumbent on the exhibitor.

PARTICIPATION

Article 2 – Conditions for participation

2.1. The organiser determines the categories of exhibitors and draws up the list of products and/or services presented.
An exhibitor may only present goods or services manufactured or designed by it or for which it is the representative or dealer; in the latter case, it appears to its attendance request the list of brands whose products or services it proposes to promote.
The organiser may, after examination, exclude products and/or services that it deems do not meet the aim of the show or include products and/or services not included on its list but that are of interest for the show.
Sales that involve immediate on-site delivery to the buyer are prohibited.

In accordance with the provisions relating to trade events, an exhibitor may neither present products that do not comply with French regulations, except products intended for foreign markets, nor carry out any misleading or abusive advertising.
The offer presented by exhibitors must comply with public policy and current laws. Accordingly, exhibitors are strictly prohibited from exhibiting illegal products or products from illegal activities. It is also prohibited for any persons not authorised by law to propose services or products from regulated activities. Legal action may be brought against exhibitors who breach these provisions without prejudice to any measures taken by the organiser in order to end this breach. Exhibitors accept full liability for their products and actions in relation to third parties: the organiser cannot, under any circumstances, be held liable. In the case of a claim made by a third party against the organiser concerning an act or product of an exhibitor, the exhibitor shall indemnify the organiser for all costs reasonably incurred by the organiser for its defense and any court ruling it may sustain thereon.

2.2 Surveillance of equipment – Liability
Artworks and all of the elements and equipment brought to its stand throughout the fair shall remain the exhibitor's sole responsibility and risk 24 hours a day, 7 days a week, during transport to and from the venue (stand included), handling, installation, and dismantling included. Under no circumstances shall the organiser be held liable concerning any of these elements.

The exhibitor expressly accepts sole responsibility for all of the risks that the above-mentioned elements and equipment may be exposed to. While respecting the security regulations, (s/he must take all measures likely to protect the artworks and equipment against said risks, under no circumstances shall these measures be incumbent to the organiser. It is notably the exhibitor's role to decide the conditions of surveillance of said artworks and equipment (safe, secure glass case, assigning of its own guards at the stand, etc.). Insofar as necessary, all of the above shall apply through express exemption from any conflicting legal provision(s).

Article 3 – Application forms

3.1 Any person wishing to exhibit must present an application form to the organiser. Unless the organiser does not accept the application, the submission thereof shall be a binding commitment to pay the totality of the cost of the provision of the coordination services and related costs.

Once the application form has been submitted on line, the exhibitor must ensure that the username and password (or encrypted URL, where applicable) that was communicated by the organiser are in fact used by a representative of the exhibitor who is duly authorised to engage the exhibitor's liability. The username and password (or encrypted URL, where applicable) are strictly personal and cannot therefore be shared with any third parties. The exhibitor must ensure that it is kept safe and confidential. Any submission of an application undertaken by means of the username and password (or encrypted URL, where applicable) shall be deemed to have been made by a duly authorised representative of the exhibitor. By express agreement between the Parties, it is agreed that the use of the username and password (or encrypted URL, where applicable) by the exhibitor for the online submission of an application form equates to the exhibitor's signature as defined by the provisions of section 1316-4 of the French Civil Code and hence acceptance of the provisions of said application form, which includes the provisions of the present general regulations. By express agreement between the Parties, it is agreed that this signature is to be conclusively deemed reliable.

Article 4 – Control of admissions

The organiser is not obliged to justify its decisions concerning admissions.

In the event that participation is refused, any sums paid by the party having presented an application of participation will be repaid, after deduction of administrative expenses incurred by the organiser and which remain due to it. The same provision applies to a party having presented an application of participation placed on the waiting list, to whom an exhibition space cannot be allocated for lack of available space when the Exhibition opens.
Acceptance of the application is certified by an unequivocal reply from the organiser to the exhibitor. This reply may consist of an invoice addressed to the exhibitor. However, under no circumstances may it be an automatic email reply addressed to the exhibitor following an online submission.

Despite initial acceptance by the organiser and even after allocation of an exhibition space, the organiser is allowed, without restriction, to cancel an application of participation from an exhibitor whose affairs are, for whatever reason, administered by, or with the assistance of a trustee in bankruptcy. This applies notably to any application by a company apparently in cessation of payments between the date of the application and the Exhibition opening date.
However, where a company is authorised by a court to continue its operations, the organiser may, at its own discretion, decide to maintain the exhibitor's participation.

Article 5 – Use of the exhibition space

Without the organiser's prior consent in writing, an exhibitor, within the framework of the provision of coordination services he has acquired, shall not transfer, sub-let or share, with or without payment, all or part of the space or services that have been allocated to him within the Fair.
Nevertheless, several exhibitors may be authorised to make a joint presentation, provided that each of them has obtained prior permission from the organiser and has submitted a joint attendance request.

Article 6 – Withdrawal

In the event of withdrawal or non-occupancy of the exhibition space 24 hours a day, 7 days a week, during transport to and from the venue (stand included), handling, installation, and dismantling included. Under no circumstances shall the organiser be held liable concerning any of these elements.

The exhibitor expressly accepts sole responsibility for all of the risks that the above-mentioned elements and equipment may be exposed to. While respecting the security regulations, (s/he must take all measures likely to protect the artworks and equipment against said risks, under no circumstances shall these measures be incumbent to the organiser. It is notably the exhibitor's role to decide the conditions of surveillance of said artworks and equipment (safe, secure glass case, assigning of its own guards at the stand, etc.). Insofar as necessary, all of the above shall apply through express exemption from any conflicting legal provision(s).

3.2 Online application forms
Any person that wishes to exhibit must submit an application form. Unless the organiser refuses the application, the registration of this application form constitutes a firm and irrevocable commitment to pay the totality of the cost of the provision of the coordination services and related costs.
Once the application form has been submitted on line, the exhibitor must ensure that the username and password (or encrypted URL, where applicable) that was communicated by the organiser are in fact used by a representative of the exhibitor who is duly authorised to engage the exhibitor's liability. The username and password (or encrypted URL, where applicable) are strictly personal and cannot therefore be shared with any third parties. The exhibitor must ensure that it is kept safe and confidential. Any submission of an application undertaken by means of the username and password (or encrypted URL, where applicable) shall be deemed to have been made by a duly authorised representative of the exhibitor. By express agreement between the Parties, it is agreed that the use of the username and password (or encrypted URL, where applicable) by the exhibitor for the online submission of an application form equates to the exhibitor's signature as defined by the provisions of section 1316-4 of the French Civil Code and hence acceptance of the provisions of said application form, which includes the provisions of the present general regulations. By express agreement between the Parties, it is agreed that this signature is to be conclusively deemed reliable.

FINANCIAL CONDITIONS

Article 7 – Price of the coordination services

The price of the coordination services is decided by the organiser and may be revised by the organiser if there is a modification to tax charges.

Article 8 – Terms of payment

Payment for the coordination services and other associated costs is to be made by the settlement dates and by methods established by the organiser.
For any late attendance request, the first payment is equal to the sums already payable on the attendance request date.
The same applies to exhibitors on the waiting list who are belatedly allocated an exhibition space.

Article 9 – Failure to pay

If an exhibitor should fail to pay on due dates and by the specifications stipulated in the preceding article, the organiser shall be entitled to apply the conditions contained in article 6- Withdrawal.
Moreover, any late payment shall also entail the application of interest at the Eonia rate increased by five (5) points. This interest shall be due as of right, and shall be calculated against the aforementioned sum from the date upon which the payment should have been made until the effective date of payment.
A recovery fee of 40 euros will be automatically due to the organiser in case of any failure to pay on due dates. Such fee will be owing in addition to any indemnity due to the debtor.

EXHIBITION SPACES

Article 10 – Management by the organiser of allocation of exhibition spaces to the exhibitors

The organiser draws up the show plan and allocates the exhibition spaces freely, taking account if possible of the requests made by the exhibitor, of the type of products and/or services he presents, the layout of the exhibition space that he proposes to install, as well as, if necessary, the date of registration of the attendance request.
An exhibitor is notified of the location of the exhibition space allocated to him by means of a plan. This plan gives the characteristics of the exhibition space as precisely as possible.
Due to its role in coordinating or organising, the organiser may be forced to modify the size and layout of the space requested by the exhibitor. Such modification shall not entitle the exhibitor to unilaterally terminate his engagement to participate.
The organiser is not liable for any difference between the characteristics given on the plan and the actual measurements of the exhibition space.

The organiser cannot under any circumstances either reserve a position or guarantee the same position from year to year. Furthermore, attendance of previous events does not give the exhibitor any rights based on this previous attendance.
The organiser cannot under any circumstances either reserve a position or guarantee the same position from year to year. Furthermore, attendance of previous events does not give the exhibitor any rights based on this previous attendance.

Article 11 – Installation and decoration of exhibition spaces

The installation of the exhibition spaces is designed in accordance with the general plan drawn up by the organiser.
Exhibitors are solely responsible for the specific decoration of their own exhibition spaces. They shall comply with safety regulations issued by the public authorities and adhere to the general layout for the decoration and signage chosen by the organiser.
The organiser decides the specifications of how visual information is displayed and the conditions governing the use of all sound, light, or audiovisual techniques, as well as the conditions under which all promotional activities, performance, or surveys may be carried out within the confines of the Fair.

In the same way, the organiser decides on the conditions in which photography or sound recording is authorised within the confines of the Fair. The organiser may make its permission dependent on the signing, by the attendee, of a licensing agreement for the promotion of the Fair.

The organiser reserves the right to require that any fitting detrimental to the general appearance of the Fair, to neighbouring exhibitors or the public, or which does not conform to the layout and model submitted for its prior approval, shall be removed or modified. The organiser may withdraw an authorisation already granted in the event of hindrance caused to neighbouring exhibitors, to circulation, or to the running of the Fair.
Promotional announcements and recruitment, irrespective of the form in which they are conducted, are strictly prohibited.
Prospectuses, brochures, catalogues and/or documents relating to the products and brands exhibited, may only be distributed by exhibitors on their stand. Their distribution on the event site and in its immediate surroundings is strictly prohibited.

Article 12 – Restoring sites to their original state

The organiser declines all liability for structures or installations built by exhibitors.
Exhibitors shall accept and leave the sites as delivered, and shall be liable for any damage, in particular to venue rooms and venue equipment, caused by themselves or by their installers, equipment, or goods.

ASSEMBLY / DISASSEMBLY DEADLINES

Article 13 – Assembly and disassembly of the exhibition space

The organiser sets the schedule for the assembly and disassembly of the exhibition spaces prior to the opening of the Fair and for the removal of products, as well as the deadlines for leaving the sites day after the Fair.
The exhibitor guarantees that its installation team will arrive in sufficient time, prior to the disassembly deadline, in order to enable the proper return of the site in its initial condition, within the deadline set by the organiser.
The exhibitor unreservedly accepts that the organiser may authorise, at the exhibitor's expense and risk, the completion of any work that has not been carried out by the exhibitor within the deadlines set and that the organiser shall not be held liable for any total or partial damage or losses during such operations.
In the event of non-disassembly of the stand by the exhibitor within the given deadlines, the organiser shall be entitled to destroy the stand without being held liable to the exhibitor for the value of the goods and components of the stand that are destroyed.
Furthermore, failure by an exhibitor to meet the stand occupancy

deadline authorises the organiser to claim the payment of late-occupancy penalties and damages.

Article 14 – Specific authorisations

Any installation of machines, equipment, or structures that cannot be carried out without using exhibitor space allocated to another exhibitor may only be done with the authorisation of the organiser and on the date of its choosing.

Article 15 – Goods

Each exhibitor personally provides for the transport and receipt of goods delivered to it. It must follow the organiser's instructions regarding goods delivery and pickup regulations, particularly regarding movement of vehicles and service providers on the show premises.
Products and equipment installed on the show premises cannot, on any grounds whatsoever, be removed during the show.

CLEANING

Article 16 – Cleaning

Each exhibition space is cleaned in accordance with the conditions and at times notified by the organiser to the exhibitor.

INSURANCE

Article 17 – Public liability insurance

17.1 – Organiser's public liability insurance
The organiser subscribes to an insurance policy covering the financial consequences of its public liability in its role as organiser. Exhibitors may ask the organiser to provide them with an insurance certificate specifying the nature of the risks covered, the limits of the cover, and the period of cover.

17.2 – Exhibitor's public liability insurance
The exhibitor must take out an insurance policy covering the financial consequences of its public liability as exhibitor and, particularly, liability it is likely to incur to any third parties including the companies that own and manage the premises on which the show is held, during the entire show (including assembly and disassembly periods). This insurance must be taken out with a company well known to be solvent and must cover the exhibitor for sufficient amounts.
The exhibitor agrees to send a copy of this policy to the organiser upon first request therefrom.

Article 18 – Exhibitor's comprehensive insurance

Exhibitors must be insured via the organiser against risks to the items presented.
This comprehensive insurance covers causal loss or damage to goods belonging to an exhibitor or goods under his or her responsibility. The coverage shall take effect from the moment said items are deposited at the exhibition space of the exhibitor. The coverage shall be terminated from the moment said items leave the exhibition space at the end of the event.

The following are covered, within the coverage limit of €15,000:

Exhibitors authorise the organiser to publish, in electronic and printed form, the information provided, on the show's website, in the official catalogue of exhibitors and/or on any other show materials (visitor guides, site maps on the walls, etc.).

The exhibitor agrees to indemnify the organiser and cover any damages, loss of profits, loss of reputation, incidents, costs and expenses suffered or incurred by the organiser due to a breach of the aforementioned guarantee.

Article 31 – Safety

Surveillance is exclusively incumbent to the exhibitor and performed under the organiser's supervision; its decisions regarding the implementation of the security rules must be executed immediately. The organiser reserves the right to refuse admission or have removed any person, visitor, or exhibitor whose presence or behaviour presents a risk to the security, tranquility, or image of the show and/or the integrity of the site.
The exhibitor agrees to comply with all the usage restrictions and health and safety standards applicable to the Exhibition Venue and particularly the provisions of the Security Specifications and Code of

Conduct, a copy of which shall be made available by the organiser on site, throughout the show.

APPLICATION OF THE REGULATIONS – DISPUTES

Article 32 – Application of the regulations
Any breach of the provisions of these rules and, if applicable, the code of conduct issued by the organiser may result in the exclusion of the offending exhibitor, even without formal notice, assisted by law enforcement as required. This notably applies to non-conformity of layout, failure to comply with safety regulations, failure to occupy the exhibition space, display of products which do not conform to those stated in the initial application, and sale of goods with immediate on-site delivery to the purchaser.
Compensation is then due by the exhibitor in damages for the harm caused to the event. This compensation is at least equal to the attendance fee, which remains the property of the organiser, without prejudice to any additional damages claimed. The exhibitor grants a guarantee to the organiser a lien on the exhibited items, furniture, and decorations belonging to it.
In the event of contradiction between the provisions of these General Regulations and the terms of purchase of an exhibitor, it is agreed that the provisions of these General Regulations prevail.
Any difficulties in interpreting the English version of these General Rules are resolved by referring to the meaning of the French version of the General Regulations.

Article 33 – Modification of the regulations
The organiser reserves the right to rule in any cases not covered by these regulations and to add new provisions whenever it deems this necessary for the smooth running of the show.

The nullity, for any reason whatsoever, of all or part of one of the provisions of these rules shall not affect in any manner the other provisions thereof. In such event, the Parties agree to negotiate in good faith the establishment of a provision that shall, insofar as possible, have an equivalent effect.

Article 34 – Limited liability
The liability that the organiser is capable of incurring, either as a result of its own actions, even of a member of staff, or as a result of the actions of a third party, irrespective of the cause thereof, is limited, all damages included, to the sum of €15,000 (fifteen thousand euros) plus a sum equivalent to the attendance fee paid by the exhibitor in question.

The above-mentioned attendance fee includes, definitively, the amount excl. VAT featured on the attendance request signed by the exhibitor, irrespective of subsequent circumstances, such as amendments made in accordance with article 7, or the termination of the contract.
In the event that the exhibitor receives compensation in accordance with the insurance policy mentioned in article 18, this compensation is accordingly deducted from any amount due by the organiser to the exhibitor; if an amount has already been paid by the organiser to the exhibitor, an amount corresponding to the above-mentioned compensation is paid by the exhibitor to the organiser.
This clause applies even if the third party or member of staff for which the organiser is liable has committed gross negligence, wilful, or even intentional misconduct.
This clause applies even in the event of termination of the contract.

Article 35 – Objections – Time-barring
In the event of objection or dispute, irrespective of the grounds thereof, the exhibitor agrees to submit its complaint to the organiser, prior to any proceedings, by registered letter with acknowledgement of receipt. Any legal action brought prior to the expiry of a period of 15 days following receipt of the above-mentioned letter shall be inadmissible.

The parties expressly relinquish the enjoyment of the provisions laid down in article 1195 of the French Civil Code relative to unpredictability and in article 1223 of the French Civil Code relative to the reduction of prices in the event of breach of contract.
In accordance with article 2254 of the French Civil Code (Code Civil), the parties agree to set at one year (1 year) the limit for the time-barring of rights and legal action relating to the liability that the organiser is capable of incurring either as a result of its own actions, including by a member of staff, or as a result of the actions of a third party, irrespective of the cause thereof. This period shall commence as of the expiry of the 15-day period specified in the previous paragraph.

THE BOND BETWEEN THE EXHIBITOR AND THE ORGANISER IS ENTIRELY AND EXCLUSIVELY GOVERNED BY FRENCH LAW. ANY DISPUTE SHALL BE SUBMITTED TO THE EXCLUSIVE JURISDICTION OF THE NANTERRE COMMERCIAL COURT AND THE FRENCH VERSION OF THIS TEXT SHALL BE REFERRED TO.
